

Mundesley Infant School P.E. and Sports Premium Funding Plan 2022-23

Vision: All pupils leaving Mundesley Infant School will be physically literate and equipped with the knowledge, skills and motivation necessary for a healthy, active lifestyle and lifelong participation in physical activity and sport.

Objective: To achieve self-sustaining improvement in the quality of PE and sport in primary schools against 5 key DfE indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. The profile of PE and sport being raised across the school as a tool for whole school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

This academic year the school received £16,740 - (£16000 + £10 per pupil in Years 1 and 2, based on 74 pupils) in sports premium funding. We have carried forward £17,292.50 from 2021-22. Our Total PE and Sports Premium Funding available is £34,032.50. We plan to use our funding in the following ways to improve outcomes for children:

School Objectives (DfE 5 Key Indicators)	Actions	Planned Expenditure	Outcomes (including Evidence and impact)
1. To engage all pupils in regular physical activity - kickstarting healthy, active lifestyles	Employment of 1 MSA for lunch time sessions to plan and deliver a range of sports/activities - changing on a ½ termly basis.	£2562.50	MSA has been recruited and a rota of lunchtime activities has been created to ensure children experience a range of physical activity. The different activities have been very popular.
	To further develop the outdoor areas, including the Infant playground to create an updated playspace, a space more suitable for teaching PE and to link both the Infant and Junior Schools together even further.	£21,500	The redevelopment of the Infant Playground has not taken place, due to a larger project that will be undertaken to further develop the opportunities for high quality physical activity all year round for both Infant and Junior children. Initial conversations and meetings regarding what this will look like have begun.
	Review and renew equipment for use at playtime to encourage the children to be active. <i>Decision for purchase of equipment to be led by school council.</i>		The playground resources have been reviewed and new resources purchased for use during this academic year..
	Deliver whole school Physical Health and First Aid Week during the summer term. Provide resources which will include: Healthy eating, exercise and maintaining a healthy lifestyle.	£300	This was disbanded and took place across the Summer term; as we linked the healthy eating element to a federation wide initiative called 'On the Map'. The children were able to grow their own vegetables and see in the Junior school how these were harvested and used. Children were given coast guard safety training.

	To develop our outdoor allotment area, and run a weekly gardening club to promote healthy lifestyles through planting and harvesting their own ingredients.	£500	The allotment has had new beds and planters made and a range of fruits and vegetables have been planted. Extra gardening products have also been purchased to ensure the growth of the fruits and vegetables e.g. netting, supporting garden sticks etc. A weekly rota for gardening club has been implemented across the year. This has had a good uptake and promoted the importance of healthy eating.
2. To raise the profile of PE and sport and the importance of healthy Lifestyles through the provision of high quality PE sessions	Employment of qualified Sports teachers (HLTAs) to provide specialised PE. <i>Teachers to observe assessment sessions so they have an overview of child's physical development</i>	£1449.90	Sports teachers taught lessons to reception throughout the entire year. These sessions took place weekly each Monday afternoon. These were consistently delivered by the same sports teacher. Teachers and TAs have been able to observe PE teaching and use this in their own PE sessions. This has enabled the teachers to ensure their subject knowledge is up-to-date and they can use ideas from what has been observed in their own PE sessions.
	Renew subscription to Primary PE online Planning to ensure that all teachers have access to high quality PE plans that allow the development and progression of children's PE skills	£170	Primary PE Planning was subscribed to and all teachers have used the high quality lesson plans to support their confident delivery of high quality PE lessons. PE lessons and teachers' confidence have improved since the purchase of this resource.
	Review and renew equipment used in PE sessions to ensure children have access to high quality equipment and PE sessions	£250	An audit of resources happened in the Autumn term and new equipment for PE was purchased. This is being stored in a central storage area and is used by teachers for teaching PE and adding further opportunities for physical activity during other areas of the curriculum.
3. To increase confidence, knowledge and skills of all staff in teaching PE and sport	Appoint Specialist Sports Coaches (Community Sports Foundation) to deliver high quality P.E and sports sessions. <i>Teachers (including ECTs) to observe assessment sessions so they have an overview of child's physical development</i>	£3,850 <i>£70 per week for Autumn £140 per week for Spring, Summer</i>	Sports coaches have been employed throughout the year to deliver high quality PE lessons to pupils in Year 1 and Year 2. These sessions took place weekly each Thursday afternoon. Teachers and TAs have been able to observe PE teaching and use this in their own PE sessions. This has enabled the teachers to ensure their subject knowledge is up-to-date and they can use ideas from what has been observed in their own PE sessions.
	PE subject leader and HLTA to attend cluster networking sessions - North Norfolk Sports Partnership and training sessions to develop subject knowledge and confidence in teaching high quality PE. Renew membership with NNSP	£320	Annual NNSP membership was renewed. This enabled us to offer the opportunity for children to take part in a range of sporting events and activities with other schools including: multiskills, cross country. Children were able to take part in these at other schools and also host some events at our school; increasing our sportsmanship ethos .By taking part in these competitions the children are increasingly confident and competitive and most importantly always eager to take part in the next event.
	Subject leader CPD to then disseminate high quality PE CPD to all staff in staff meetings	£0	Due to other school priorities, there has not been any PE CPD this year, however ideas for high quality PE lessons, resources and ideas have been shared with staff by the PE subject leader.

4. To provide a broader experience of a range of sports and physical activities offered to all pupils	Work alongside our school council to review and develop the Infant School playground to broaden the range of physical activities and sports available to children during playtimes, lunchtimes and during PE lessons	<i>Price included above in outdoor area development</i>	A rota of lunchtime activities has been created to ensure children experience a range of physical activity. The different activities have been very popular and the children enjoy the variety of activities on offer.
	Provide weekly after school sports clubs (led by Community Sports Foundation) open to all pupils in the school (Reception Spring and Summer terms) focusing on a different sport each half term. (1hr specialist coach led after school session per week)	£950 <i>£25 per week</i>	A variety of clubs have been offered on a half-term basis to all children led by a Sports Coach after school. In order to ensure that the uptake of these activities were high, we issued surveys to the parents to ascertain what physical activities would be most popular or children would like to try. This has included activities such as dodgeball, multi-skills, and football. These have been very popular.
	Provide 30 minute session per week for a 6 week block of school Boogie Bounce trampolining sessions for each year group delivered by School Boogie Bounce accredited staff	£175 <i>(staffing cost included in employment of HLTA above)</i>	Due to timetabling constraints, Boogie Bounce has not been offered to the Infant School. The subscription has been kept, to allow the Boogie Bounce coach to keep their qualification, which means Boogie Bounce can return without delay in the Autumn Term.
	Orienteering session in the school grounds during the summer term for all year groups led by Adrian Hall, geography specialist	£320	All children from across the school took part in a topic themed orienteering session with Adrian Hall explorer and geography specialist. They improved their map reading and directional skills by finding the hidden stations around the school grounds
	5. To increase participation in competitive sport	Attend sporting events off site to include: Cross country, Multi Sports, tri golf and gymnastics. Fund transport costs to tournaments and competitions	£850
Trophies and medals to celebrate competitive sporting achievements.		£100	This money was used to purchase resources and stickers to help reward our children during Sports Day. We will expand this further next year, and run in school competitions throughout the year.
To relaunch the summer term house competitions across both the Infant and Junior School Purchase of rewards and team colour uniforms		£300	House T-shirts have not been purchased this academic year, however they will be purchased in September, ready to launch further inter house competitions throughout the year.
Total Expenditure		£33,597.50	
Contingency		£435
