

# All Creatures Great & Small

Farthing Wood Class

Summer 1 2024

This half term we are going to be exploring our Topic - 'All Creatures Great & Small" and look at the question 'Are all communities the same?' and explore this using the key concepts community and consequences.

In this topic we will be exploring the natural world and making observations by looking at similarities and differences between the natural world around us and contrasting environments. We will talk about different parts of our local community and discover different countries around the world. We will then explore and recognise similarities and differences between life in this country and life in other countries.

We shall be learning about different types of dance and how we can move our bodies to music that is sad and happy. We will create our own dance together as a class to a piece of music chosen by the children.

In expressive arts and design we will use pencils and other materials to draw pictures from observations. We will begin to show accuracy and care when drawing.
