Federation of Schools

Small Schools, Big Opportunities

Friday 13th September 2024

Dear Parents,

Some of you may have read the following article in the press this morning.

I have requested that Bacton, Cantley, Freethorpe, Horning, Swanton Abbott Primary Schools and Mundesley Infant School be inspected and assessed on Tuesday and Wednesday. This is a precautionary measure to ascertain the state of the lath and plaster ceilings, which sit above the suspended ceiling tiles in some areas of these schools.

As a federation of local authority maintained schools these inspections will be carried out by Norfolk Property Services, who maintain our buildings on behalf of the local authority.

I will, of course, keep you updated as and when I hear the outcome of the inspection.

Yours sincerely

Simon Wakeman
Executive Head
