AIM Federation: Small schools, big opportunities

Friday 9th January 2025

Dear Parents and Carers,

Re: Project Showcase – Parent Event

We are delighted to invite you to attend our Project Showcase on Thursday 22nd January 2026, for children in Years 1 – 6.

The school will be open to parents and carers during **two sessions**. You are welcome to attend **either one session or both**.

During session one, parents and carers may visit one class (or two if siblings are within the same school), and during session two you may visit sibling classes in the other school (if applicable). You can also just join us for session two.

Session times are as follows:

- **Session 1:** 2:45pm – 3:10pm
- **Session 2:** 3:25pm – 4:30pm

This event provides an opportunity to visit our schools, view your child(ren)'s end-of-project showcase work, see the progress they have made so far this academic year, and to meet your child's teacher. Parents and carers of children in Year 3 will also be able to visit **The Studio**, which forms part of the Year 3 *Beyond the Desk* trial currently taking place.

Parents and carers of children in other year groups are also very welcome to visit **The Studio** during **session 2**, where further information about the trial will be available.

The short break between the sessions will allow staff to prepare children for the end of the school day and to ensure a safe and smooth dismissal, before reopening for parents and carers.

Please sign in on arrival at either the **Infant School Office** or the **Junior School Office**. We look forward to welcoming you to our school and sharing your children's work with you.

With all best wishes

Claire Pateman
Head of Schools MIJS
